

PIPE TOOLS & VISES
SINCE 1896

Spring-Loaded C CUTTERS

Snap, Twist, Done

- Snap and turn for quick, easy cuts on copper tubing.
- Spring-loaded cutter wheel self-feeds with consistent pressure as the tool is turned around the tubing.
- Great for low clearance areas since the compact c-shape requires no handle swing space.
- Nubs on cutter make it easy to grip.
- Replaceable cutter wheel.

Catalog No.	Item Code	Pipe Capacity		Application
		in-nom.	actual O.D. mm	
TCK3SL	03402	1/2, 3/4, 1	15.9, 22.2, 28.6	Copper, CPVC
